PROFESSIONAL EXPERIENCE

Design Manager • ByteDance – TikTok Shop SEA & LATAM • Remote / Jakarta *Jun 2024 – Dec 2025*

- Spearheaded the end-to-end design readiness for TikTok Shop's Brazil and Mexico launches, coordinating multiple design functions with engineering and product teams across time zones to hit the go-live timelines
- Designed and implemented a company-wide user research & design reporting framework that standardized decision-making, enabling leadership to make faster, data-backed product bets
- Resolved 70% of accumulated design legacy issues by leading a dedicated design-engineering task force, significantly reducing technical debt and improving product consistency across the platform
- Championed AI-powered design tools across the team, cutting redundant collaboration overhead and accelerating design delivery cycles
- Led key regional design projects across Southeast Asia, ensuring design quality and cultural relevance at scale

Product Design Manager • Tokopedia • Jakarta, Indonesia *Jun 2022 – Jun 2024*

- Managed a team of 8 product designers and 2 UX writers, setting team direction, mentoring individual growth paths, and cultivating a high-performance design culture across multiple Tokopedia business lines
- Drove a strategic design initiative that directly contributed to a 20% increase in orders, 16% boost in average order value, and 15% rise in monthly unique buyers — demonstrating design as a direct revenue lever
- Collaborated with VP-level and C-suite stakeholders to define product design vision and ensure design was represented in every major product decision
- Improved cross-functional efficiency by introducing structured design review and stakeholder alignment rituals, reducing revision cycles

Product Design & Research Lead • Pinhome • Jakarta, Indonesia *Jun 2020 – Jun 2022*

- Built and led a multidisciplinary team of 3 designers, 2 researchers, and 1 content writer across consumer, property agent, and B2B product surfaces
- Founded the first-ever user-research-driven B2B platform at Pinhome, establishing research as a core product discipline rather than a supporting function
- Partnered with the VP of Product and People Partner to design formal career ladders for the Design & Research team, improving retention, growth clarity, and team morale
- Introduced design thinking workshops for stakeholders across product, engineering, and business units to build company-wide design literacy

UX Designer & Product Copywriting Editor • Traveloka • Jakarta, Indonesia

Sep 2018 – Apr 2020

- Crafted UX copy and content strategy for Traveloka's payment experience, collaborating with product, data, marketing, and engineering to deliver intuitive, user-centered flows
- Conducted user research studies to identify friction points in the payment funnel, surfacing actionable insights that directly informed UX improvements

UX Content Production Manager • Ruangguru • Jakarta, Indonesia

Apr 2016 – Jul 2018

- Managed a content production team for Ruangbelajar and Ruangkerja, delivering 10,000+ animated learning videos, thousands of practice exercises, and infographics in under 5 months
- Reported directly to the CEO and CPO, owning end-to-end content production strategy for K-12 and B2B employee learning products

Freelance Writer • Forbes Life Indonesia • Jakarta, Indonesia

Apr 2016 – Apr 2018

- Produced feature articles on the luxury automotive industry for Forbes Life Indonesia, a quarterly supplement of Forbes Indonesia

Editor & Journalist • Autocar Indonesia • Jakarta, Indonesia

Apr 2013 – Apr 2016

- Edited and created automotive articles, guided junior journalists, conducted industry interviews, covered motorsport events, and localized content from Autocar UK
